For over 26 years, I've specialized in the Maui real estate market, assisting clients in buying and selling properties. Partnering with my son Tyler, we form the MacArthur Team Maui as 2nd and 3rd generation Maui Realtors. Growing up on Maui, I enjoyed its outdoor offerings such as surfing, golfing, and hiking before pursuing a Business Management degree from Colorado State University. After a 8 year run in tech sales in Silicon Valley, California, I returned to Maui in 1998, focusing on real estate. With expertise in the Wailea-Makena area, I've handled various property types, including luxury homes and international transactions. As Principal Broker and Co-owner of Wailea Realty Corporation and now with Hawaii Life, I've led successful brokerage teams. My wife Kristina and I are proud to have raised two sons and a daughter here on Maui to enjoy all that Maui has to offer. Curious about Maui's lifestyle and real estate market? Contact us by phone or email to discuss your goals.
